

Cal Phil Festival On The Green

Great Music in the Great Outdoors

Thousands of people enjoy great music under the stars at Cal Phil on the Green.

For more than 4,000 music lovers in California, it would not be summer without a trip to the Cal Phil Festival on the Green in Arcadia. A bountiful picnic dinner, wonderful friends, the world-famous Los Angeles County Arboretum & Botanic Garden as the backdrop, and the California Philharmonic to entertain — what better way to spend a splendid summer evening?

It was originally Maestro Victor Vener's vision to use the Arboretum as the California Philharmonic's summer home, combining great music with incredible natural beauty. Since then, the Festival has enjoyed more than 10 years of overwhelming response to its Cal Phil Festival on the Green series — magical evenings that provide concertgoers with lasting memories.
